

□ NO Fooling-April/May Stuff from A.Andre

In the last three months we have been rehabbing the knee and taking time with the family. This picture should tell it all. Life is short and we are determined to get all we can from it before it

Aleksandra and I got to go Easter egg hunting at Jungle Gardens with grandson Aleksandr and aunt Soli. What a hoot.

leaves us. Remember to tell those you care about your feelings.

A busy winter, a cruise with the Sarasota Power and Sail Squadron, and Easter sure filled up this year already. This month is the Sarasota boat Show at Marina Jack. Stop and see me at the Squadrons' booth. I'll be there all three days.

Real estate news

Court upholds homestead exemption restrictions.

DO NOT MESS WITH THE HOMESTEAD EXEMPTION.

Recently this has been a hot button here in Florida.

Take what is due you and do not try to double dip. Some of our seniors with homes up north are being caught abusing the rules.

I am busy and need more listings. My Realtor daughter Soli is really killing it this year. This gives her dad a real challenge. I think her 17 years in the business gives her an edge, but I'm trying.

Please remember me for referrals.
