Agent: Cris Curtis

Client: Frederick and Marie Palmquist

A retired judge recommended her for the sale of property for my domestic client and my client obtained good results. I referred her to a client in an estate sale and based upon information given resulted in a last minute filing of paperwork to accomplish the sale and she and her staff went above and beyond to effectuate the sale. Based upon what I had heard and seen regarding her professionalism I felt very comfortable having her handle this sale.

Ms. Curtis knew how to handle problems and deal with them quickly and effectively. I seriously doubt this property would have sold without her assistance.

Results speak louder than words. Many realtors lack the "experience" necessary to effectuate a sale. Ms. Curtis has that experience.
